

WE'RE EXTENDING MERCY TO THE MARGINS

In 2021 we assumed a posture of hope and wonder as we welcomed new leaders, teams, and opportunities. Set Free Movement leaders are protecting the vulnerable and creating new futures in 9 different countries. Our mission is to mobilize faith communities, financial partners, and all segments of society towards ending human trafficking and creating new futures through community-based action. As a movement, we focused on fulfilling this mission by extending mercy to the margins in 2021.

It's about pursuing shalom, it's about extending mercy in the margins; join us today.

What does that look like for the Set Free Movement?

- Yvonne and Lillian working directly against culturally accepted values to equip and encourage young women to resist violence and trafficking.
- Kelly, Lauren, and many others in Youngstown, Ohio, aren't comfortable going into strip clubs to bless women stripping. But they go.
- Nayan leaves his family and travels by bus or train to escort rescued children from holding cells to safe houses in Mumbai.
- Mayra works in neighborhoods filled with gangs, violence, and drugs to protect vulnerable children and spread the love of Jesus. It's not safe, but she trusts God to protect and guide.
- Camille works within a broken system to bless foster families, children and teens, and social workers. And so much more.

The Set Free Movement is a passionate network of champions, teams, business leaders, working both nationally and internationally, addressing the root causes of human trafficking in our communities.

OUR WORK

Our vision is to see the vulnerable protected, captives set free, and the oppressed experiencing hope and healing as neighborhoods are transformed.

EXTENDING MERCY AT THE MARGINS:

By mobilizing their local community, teams serve those who are marginalized, and most at risk of trafficking. They extend unconditional care, counseling services, training sessions, hygiene packets, emotional support, and more to reduce human trafficking vulnerabilities in the communities they call home.

CHILD AND YOUTH PROTECTION:

Teams across the globe bring hope and healing to children that are vulnerable to being trafficked through awareness, prevention, and intervention methods. They educate, advocate, support, and mentor children to increase their resiliency to human trafficking.

EDUCATION, AWARENESS, AND TRAINING:

Through community-based action, teams create locally-informed awareness campaigns and equip societal influencers with the tools and resources they need to educate others. Through dedicated training, equipping, educating, and advocating, communities come together to reduce the vulnerabilities of human trafficking.

STAY CONNECTED

This year we are eager to continue to equip local leaders and partner strong in communities around the world:
