

Greetings from Europe!

Dear Pastors, delegates, partners, and friends of the Harvest Conference...

This coming June Susy and I enter our nineteenth year of ministry. We appreciate your continued commitment to helping us accomplish God's plan for the continent of Europe. Thanks for being there for us, especially in your prayers! Remember, we are an extension of your ministry in Europe!

The FMC Europe equips national leaders to make and multiply disciples, as we engage with the Gospel of transformation and establish multiplying, transformational churches.

Some of the highlights of the last twelve months...

- **Ukraine** - The war has been going on now for 15 months. Europe continues to experience a humanitarian crisis. More than eight million Ukrainian refugees have entered bordering countries, with another eight million displaced in the country. Churches in Ukraine continue to meet. Pray for their protection and ministries.

Regional updates and praise reports

Balkans Region: The Balkans Provisional Annual Conference recently celebrated its AC this past March. Two new leaders were appointed to the national leadership team to assist Supt. Blagoy (L) George (M) and Stanimir (R). Supt. Blagoy recently passed away after a long battle with cancer. Please pray for the leadership team as they navigate through these challenges.

- Spain is a Mission District: There are currently nine churches in six provinces. Two new preaching points have been established and two new CMCs were received.

Europe-Wide ministries

This past February we launched the African Europe Church Network. The AECN has been established to address the unique needs of families who come to Europe, facing a very different culture and viewpoint of the Church. God has placed gifted African leaders in some of the most secular areas of Europe. The Free Methodist Church in Europe and the AECN are working to connect and resource these diaspora leaders as they seek to develop churches that put Christ at the center of their communities.
